APRIL 1991

CLUB LEAGUE This year, in an attempt to have a bigger club entry in races, we have decided to nominate a number of events in which points will be given to count in a club league table. We intend to chose at least two races a month for the next six months. You need not run all the events as only your best six results will count. It is then hoped to award a trophy for best male and female performances at this years LPSA Presentation Night in October. The races for May and June are;

Bramley $\frac{1}{2}$ Marathon	Monday 6th May
Otley 10 Miles	Wednesday 15th May
Otley Chevin Fell Race	Wednesday 5th June
Cardinal Heenan 10K	Sunday 23rd June

GREAT NORTH RUN We know a number of members will have applied for the Great North Run on Sunday 15th September. We will probably be running a club trip so please let us know if you are in and are interested.

VIVA ESPANA Please bear in mind that there will possibly be a club trip to Benidorm for the  $\frac{1}{2}$  and full marathon in November. If you are interested we will need names by the end of May. More details later.

BIG APPLE While we're on the subject of international trips three members of the club took part in the 1990 New York Marathon and there is now a general interest in the club organising a trip for members to take part in the 1992 event. Full details will be available towards the end of the year. So start saving your pennies and watch this space.

LEEDS COUNTRY WAY This event is being held again on the 1st September this year and we are now trying to get a team together and would like to know which members are interested. Please contact Rod Lewis. We would also like to field a full ladies team this year if possible.

WRITING ON THE WALL We now have a club notice board in the bar at Kirkstall Leisure Centre.

REMINDER Subscriptions are still outstanding from some members. It would be nice to have these cleared up by the end of April so we can see how we stand membership-wise.
