BRADFORD MILENIUM WAY

Well done to the runners who got the team round in 7h52m26s. The final position is still to be confirmed as the results on St. Bedes Web site are not correct.

A special thanks to Peter Branney who did all the organising - and followed the event round after his leg, and then bugged off to Mexico for a fortnight - for a 3 day works conference !!! Res

This years time compares reasonably well with recent years.

Our time in 2003 was 7hrs 28.24, in 2004 we did 7hrs 51.16 and last year we didn't enter as most people were roasting themselves silly at the Blackpool marathon.

Full results can be found via the St. Bedes AC web site

LEEDS COUNTRY WAY

Our next major club project is the LCW. The date is now confirmed as Sunday 3rd September. Last year we got 2 teams so we're hoping to match that again this year, but we need a good idea of names now to sort out if two teams are possible and whether we go for our strongest mixed teams and a second team mixed or whether we go for a men's and women's team.

Last year we started doing recci runs mid July, but hopefully more people know the legs this year.

Please forward names to Peter Hey or Paul Luxton

YORK VETS

The July race is Wed 12th at Oakwell Country Park - Birstall. See Peter Hey for more details

WASHBURN RELAY

This year's Washburn Relay takes place on Friday 14th July. I don't know much about the course, so if interested see Peter Hey if interested in taking part

GOLDEN ACRE RELAY

This year's Golden Acre Relay takes place on Wed 26th July. Last year we turned up on the night and sorted teams of 3 out. The course is 3 legs of approx 2.5 miles each similar to 1 lap of the Golden Acre XC course. Again let Peter Hey know if interested in taking part.

CROCODILE 8 MILE

Stuart Moore - our agent in Herefordshire has suggested a good race down there about May Bank Holiday time next year. It's a multi-terrain, up & down and muddy kind of course, so right up our street. We may be running a club trip to it next year. We'll keep you posted.

MEMBERS QUESTIONNAIRE

Hopefully by now you'll have received the club questionnaire. We've already had a few returns. If you haven't sent yours back yet, please can you fill it in and send it back. It should only take 5 to 10 minutes of your time.
